## Broadcast Information for Members in Their Homes

---

Sunday afternoon session (live broadcast)

**MDT:** Sunday, April 3, 2011, at 2:00 p.m.

**UTC:** Sunday, April 3, 2011, at 2000

*Text, audio, and video archives: [generalconference.lds.org](http://generalconference.lds.org)*

**Text archive languages:** Please check [generalconference.lds.org](http://generalconference.lds.org) for available languages.

**Audio archive languages:** Audio archives of general conference are available in more than 70 languages. Please check [generalconference.lds.org](http://generalconference.lds.org) for available languages.

**Video archive languages:** American Sign Language, Cantonese, English, French, German, Italian, Japanese, Korean, Mandarin, Portuguese (Brazil), Russian, and Spanish

Audio and video files will be available within 24 hours of the broadcast.

---

## Television and Radio

General conference will be available on various broadcast, cable, satellite, and Internet television stations and broadcast, satellite, and Internet radio stations throughout the world, including Mormon Channel HD Radio. Check local program listings for availability in your area, or visit [radio.lds.org](http://radio.lds.org), [byubroadcasting.org](http://byubroadcasting.org), [bonneville.info](http://bonneville.info), or [ksl.com](http://ksl.com) for more information.

# Church Satellite Broadcast Schedule for Viewing in Meetinghouses

April 2011 General Conference  
April 2–3, 2011

---

## General Information

### Program Lengths

Conference sessions: 2 hours

General Young Women Meeting (rebroadcast): 1.5 hours

*The World Report of The Church of Jesus Christ of Latter-day Saints*: 30 minutes

*Music and the Spoken Word*: 30 minutes

Other Church programming: 1 hour and 25 minutes

### Selecting Viewing Times

Program start times are listed in mountain daylight time (MDT) and Coordinated Universal Time (UTC). MDT is the time in Salt Lake City, Utah, with daylight saving time (or summer time) in effect. UTC is the international time standard. You will need to calculate your local viewing times based on MDT or UTC.

Please select the viewing times that best serve the members in your area. You may write the dates and times on the *Satellite Program Information for the Stake Technology Specialist*, located at the end of this schedule, if you choose. The general conference sessions, the General Young Women Meeting, and *The World Report of The Church of Jesus Christ of Latter-day Saints* may be recorded and then viewed at another time.

**Important:** Recording or reproduction, in any form, of *Music and the Spoken Word* and the video programs identified in this schedule as “Other Church programming” is prohibited.

### Closed-Captioning

Closed-captioning for the hearing impaired is available in many areas. Where available, it is provided in English and Spanish. If closed-captioning is available in your area, please set up a television set for those who need this service.

### Note

This document is subject to change. See [broadcast.lds.org](http://broadcast.lds.org) or [broadcastinfo.lds.org](http://broadcastinfo.lds.org) for updates in English. For updates in other languages, contact the assigned administrative office.

---

# Satellite Program Information for the Stake Technology Specialist

April 2011 General Conference  
April 2–3, 2011

## Viewing times selected by priesthood leader:

Dates and times: \_\_\_\_\_

### Equipment Information

Satellite receivers are preprogrammed. No adjustments are necessary. Languages are preprogrammed in the receivers.

For general information about setting up equipment for a broadcast, refer to the *General Satellite Program Instructions for the Stake Technology Specialist*, which should be located near the satellite receiver. These instructions may be updated or redistributed during the year.

Please set up your EJ10 adapter box (crab box) or Transmission Telephone Audio Interface (TTAI) in case an audio backup is needed during the broadcast.

For information about technical assistance, refer to the *General Satellite Program Instructions for the Stake Technology Specialist*, [clerk.lds.org](http://clerk.lds.org), or [mhtech.lds.org](http://mhtech.lds.org). Troubleshooting assistance can be provided only if a telephone is available at the satellite receiver location.

### Closed-Captioning

Closed-captioning for the hearing impaired is available in many areas. Where available, it is provided in English on closed-caption channel 1 (CC1) and in Spanish on closed-caption channel 2 (CC2). If closed-captioning is available in your area, please set up a television set for those who need this

service. For technical assistance, call the help desk at the number listed in the *General Satellite Program Instructions for the Stake Technology Specialist*.

### Notes

1. **Important:** Reproduction, in any form, of *Music and the Spoken Word* and the video programs identified in the *Church Satellite Broadcast Schedule for Viewing in Meetinghouses* as “Other Church programming” is prohibited.
2. In the United States and Canada, American Sign Language (ASL) will be available on conference weekend as well as the following weekend. If you need to start receiving this language on conference weekend, please contact your facilities management group at least two weeks before conference. Additional equipment may be required.

No special action is required to receive ASL on the weekend following conference. For the broadcasts that weekend, display the picture and the closed captioning on the projector screen rather than on a television set. Note that these broadcasts will be preceded by BYU Television programming rather than the standard audio and video system test.

---

### Video Reproduction

Video reproduction of general conference, the General Young Women Meeting, and *The World Report of The Church of Jesus Christ of Latter-day Saints* is authorized for Church use only. You may make a copy for each meetinghouse library. Put the applicable copyright notice on the label of each video recording:

*Please keep these instructions near the satellite receiver.*

# General Satellite Program Instructions for the Stake Technology Specialist

## United States and Canada

**Please write the following information in the space provided, and have it ready when you call the help desk for technical assistance:**

Building property number (available from the facilities manager): \_\_\_\_\_

Satellite receiver numbers (read them from the front panel of each satellite receiver)

Receiver number	Language(s)
Receiver number	Language(s)

### Before Each Satellite Program

The Church satellite system is available for testing continuously. Please check the satellite equipment installed at your meetinghouse at least one week before each scheduled broadcast to allow time for any repairs that might be necessary.

An audio and video system test is conducted for approximately one hour before each broadcast. The audio portion of the test consists of music interrupted periodically with verbal identification of the Church satellite network and the specific language channel.

Check the following:

1. Turn on the monitor. Verify that you are receiving a prefeed program. Set the chapel sound system to a comfortable listening level, and check for needed adjustments to the video projector.
2. Set up television sets at building locations as needed. Verify that video and audio are working. Closed-captioning for the hearing impaired is usually viewed on a television set.
3. Verify that the correct languages are being received.
4. Adjust lighting in viewing areas to allow for good picture quality and note taking.

### Technical Information

If you have questions regarding the satellite equipment installed at your meetinghouse or if you experience technical difficulties during the audio and video system test or the broadcast, please call the help desk for assistance:

- 1-800-453-3860, extension 2-3454 (toll free)
- 801-240-3454 (Salt Lake City area)

Personnel will be at the help desk for one hour before and during a scheduled broadcast. Support is also available during normal business hours in Salt Lake City.

When calling for technical assistance, place the call from a telephone located at the satellite receiver, and have a television monitor connected to the satellite receiver.

## **General Satellite Program Instructions for the Stake Technology Specialist**

---

### **Satellite Program Information**

For general information on upcoming satellite broadcasts, please call the Satellite Broadcast Hotline:

- 1-800-453-3860, extension 2-4007 (toll free)
- 801-240-4007 (Salt Lake City area)

If you have questions regarding the satellite program schedules and related information published by the Church, please call:

- 1-800-453-3860, extension 2-3228 (toll free)
- 801-240-3228 (Salt Lake City area)

See [clerk.lds.org](http://clerk.lds.org) for letters, schedules, and troubleshooting hints.

### **After Each Satellite Program**

Do the following:

1. Turn off and store the video equipment.
2. Turn off the sound system.
3. Leave the satellite receiver turned on if the meetinghouse power is stable.
